Visit a renowned European training centre with one of our Visiting Fellowships

We support trainees in gastroenterology with five Visiting Fellowships to spend two weeks at a renowned European training centre. Each trainee receives € 2,000 to contribute to travel and accommodation costs. With this programme, we aim to increase the interaction between young clinicians and renowned European training centres, as well as to create new windows of clinical and scientific collaboration.

[Apply until until February 7, 2016](#)

Education

Few seats are still available for the UEG Summer School, June 2-5, 2016

"This was my best experience of training during my fellowship." (Participant 2015)

If you are a clinician in the later phase of your clinical post-graduate training or a junior clinician, this is the perfect opportunity for you to gain new practical and clinical knowledge that can be applied immediately. Have a look at the recordings from last year's meeting to see for yourself!

Apply until until February 7, 2016
