

Get prepared for UEG Week: Exciting GI science lies ahead

UEG Week 2016 is the center stage for digestive health research and covers all aspects of our multidisciplinary field. As endoscopist for example you can choose from our offer ranging from **Live endoscopy sessions** over symposia like **Quality indicators in upper GI** to dedicated poster sessions (**Upper GI poster sessions**). Come and learn how new diagnostic criteria will affect your clinical practice in the session **Rome IV: New diagnostic criteria for functional GI disorders**. And don't forget to stop by the **Hands-on area** with its brand new **Surgical Learning Area**.

Let the Pathways Tool be your guide through the huge programme choice on offer!

Don't forget to bring your registration notification!

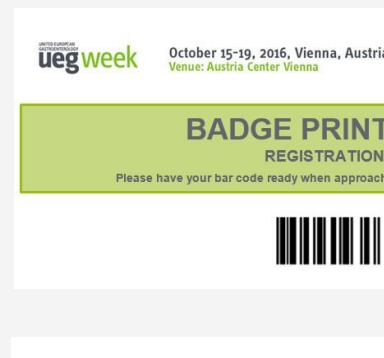

The barcode included in the notification email (sent to you on October 6) is key to get you access to UEG Week 2016 in Vienna.

So don't forget to print it out or have it ready on your mobile device.

If you haven't received a notification, make sure it didn't end up in the spam folder!

Need help? **Get in touch with our official registration partner.**

Submit your questions, cast your vote and stream sessions

With interactivity being big for our congress we bring you the means to easily get in touch with the speakers and experts. Cast your vote with the UEG Week App in dedicated sessions or follow the congress via [UEG Week Live](#), with over 500 lectures streaming directly from the venue. Both options allow you to submit your questions and get the answers from the podium.

Revisit outstanding sessions or catch up on talks you missed

The majority of UEG Week sessions will be recorded and will be available to you shortly after after the talk on UEG Week 24/7. The best about it? For you as delegate it's completely free to watch all recordings and there's no expiration-date! Use pathway-filters to find the lecture of your interest or navigate along the [session schedule](#) which links you to the recorded session.
